Looj®
Gutter Cleaning Robot

330.04

Introducing the NEW Looj 330

330.04 with

- 4-Stage Cleaning Process
- Cleaning capacity of 61m (200ft) of linear guttering per battery charge

INCLUDES

- | | |
|--|---|
| • 1 iRobot Looj | • 1 Scraper |
| • 1 Detachable Handle/2.4 Ghz Remote (2AAA Batteries Included) | • 1 7.2v Lithium-ion Battery (2600 Mah) |
| • 1 4-Stage Auger | • 1 Battery Charger |
| • 1 Extra Pair Of Interchangeable Ejectors | • 1 Belt Clip |

Drives leaves, dirt and debris out of your gutters so you don't have to.

The iRobot® Looj® 330 Gutter Cleaning Robot has been engineered to provide an effective, hands-free and safe solution for cleaning home rain gutters. As a safer way to clean your gutters, Looj reduces repeated ladder climbing and overreaching from dangerous heights and with a single button CLEAN mode, cleaning your gutters couldn't be easier.

THOROUGH CLEANING

Using a 4-Stage cleaning system, Looj's high-velocity auger spins at 500 RPM to dislodge, lift and toss out wet leaves and other debris before brushing the gutter clean. And as well as remove section longer performance and quicker recharging, Looj can now be customised with interchangeable auger flaps to improve performance, whilst multiple speeds and cleaning modes ensure Looj can deal efficiently with even the toughest of clogs.

ADDED CONVENIENCE

With a CLEAN mode that senses and adapts to the debris in your gutter and a lower profile design to fit into any gutter larger than 5.08cm (2") tall x 7.62cm (3") wide, Looj will now clean more gutters with ease. And it will clean more with each charge, too, with the new 7.2v Lithium-ion battery powering Looj through 61m (200ft) of linear gutter per battery charge, and able to clean 9m (30ft) in just 5 minutes.

INCREASED SAFETY

As well as reducing the need for repeated ladder climbing and overall ladder time, Looj reduces the potential to overreach and includes a belt clip for hands-free carrying. Looj 330 also has an increased remote control range of up to 15m (50ft), meaning even fewer ladder moves.

LOOJ 330 FEATURES

Cleans on its own automatically adapting to debris and clogs

4-Stage auger efficiently unclogs, clears and cleans gutters

Remote control range of 15m (50ft)

Cleans up to 61m (200ft) of linear guttering per battery charge

Cleans a 9m (30ft) section of gutter in 5 minutes

Belt clip included for hands-free carrying
