Koubachi

No green thumb?

Tired of tedious plant care?

The solution:

Koubachi

Give your plant a voice!

Koubachi

reddot design award
winner 2012

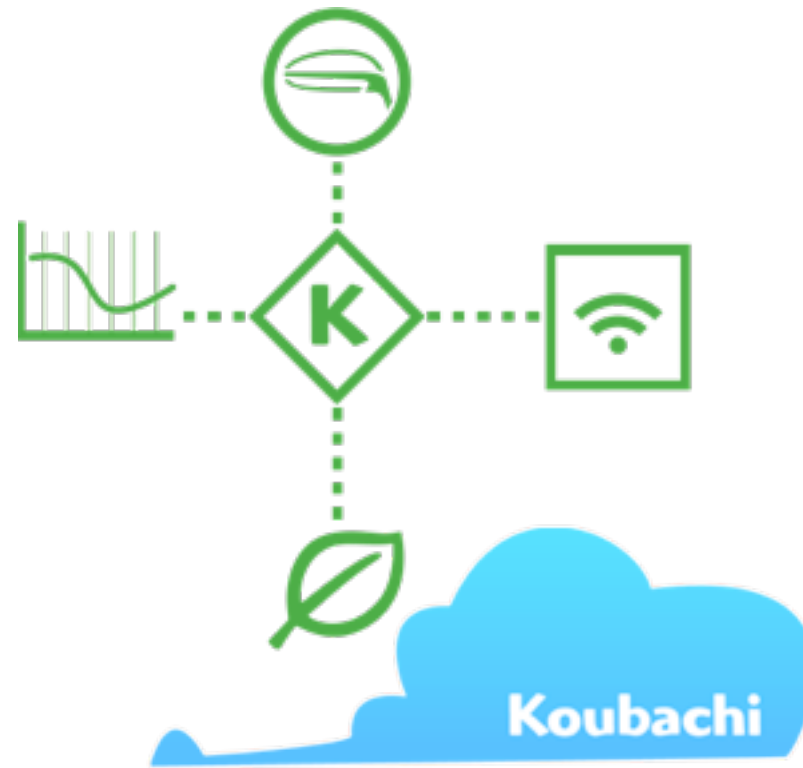

Koubachi

Measures the key vitality parameters of a plant:
light intensity, **temperature** and **soil moisture**.

Koubachi

1 Measure

- Soil moisture, light intensity
- Wireless interface

2 Analyze

- Plant Care Engine
- Scientifically proven plant care models

3 Display

- Web App / iPhone App as interface
- Available for **FREE!**

Koubachi

With the Koubachi Wi-Fi Plant Sensor you get:

Accurate diagnosis of plant vitality

Wireless real-time monitoring

Detailed care instructions WHEN and HOW to care - at the right time

Koubachi

Key features of Koubachi Wi-Fi Plant Sensor

Water advices and control

Overwatering alerts

Temperature alerts and advices

Light alerts and advices

Fertilizer alerts

Misting alerts

Koubachi

Key features of Koubachi Wi-Fi Plant Sensor

Multi Plant: Our system is self-learning: **1 sensor in your household** is enough to get the most precise care model for each plant - switch it from plant to plant!

FREE

Services
& Support

FREE (live-long) services included:

- Updates of plant library
- iPhone App / Web App updates (new features)
- Extensive support resources

Koubachi

- Ultra-Low Power Wi-Fi
- Compatible with all common Wi-Fi protocols (Wi-Fi / 802.11 a/b)
- Supporting security protocols (WEP, WPA, WPA2)
- AES encrypted server communication

- High precision, research grade soil moisture sensor
- No calibration needed
- Works in almost any substrate, no matter if you use humus, clay-based, or sandy substrates

Technical specifications

Power

- 2x 1.5V batteries (AA)
- Average battery lifetime: > 1 year

Regulatory statements

- CE Statement
- FCC Statement

Usage

- For indoor use only -
weatherproof expected in Fall
2012
- Maximal insertion force: 90N (9kg)

User interface (free)

- Koubachi iPhone App (App Store)
- Koubachi Web App
(my.koubachi.com)
- Available in English and German

Environmental

- RoHS conform
- Free of lead (Pb), PVC, arsenic and
mercury
- Recyclable packaging
