1 Think about

Through the next four Building Challenges you are invited to explore what you know and think about democracy. The challenges will give you the opportunity to look into the concept of democracy from different perspectives.

Build

Build a model that represents what you believe "democracy" means.

Building time: 3 minutes

Share

When the building time is up, take turns telling each other about what you have built.
Keep your model on your own building plate.

2 Remember

Use your memory to think about democracy and how you have experienced it.

Build

Build a model that represents an example of how democracy affects your daily life. Your model must help you to share your experience of democracy with the others.

3 Imagine

Now you will need to use your imagination!

Build

Imagine living in the perfect democratic society! Build a model that explains what you believe makes it so perfect. Be sure to include the role of the individual in this perfect democratic society.

4 Conclude

This last Building Challenge will help you to summarise your group's understanding of democracy and draw conclusions.

Build

Look at the models on the building plates. Think about everything that has been shared.
Build a model that summarises what democracy is, and what it means to people living in a democratic society.
